

BECOME A FRIEND OF GCHA.

HELP US BUILD A HEALTHIER,
MORE RESILIENT FUTURE FOR ALL.

OUR CALL TO ACTION

Climate change is the most significant health threat—and health opportunity—of our time. Climate change threatens everyone's health, and millions have already been harmed.

The stakes are high, but there is hope.

By activating the trusted voices of health professionals, and centering climate action on health, we can save millions of lives, improve everyone's health, strengthen economies, and protect future generations.

The **Global Climate and Health Alliance (GCHA)** is the world's leading coalition of health and development organizations working to put human health at the heart of climate policy. Our mission is to mobilize the health community, worldwide, to drive bold, equitable climate actions that safeguard both people and our planet.

To sustain and strengthen this vital work,
we are inviting 100 visionary people to become a Friend of GCHA.

COP28 : Walaa Alshaer

Skyler Knutzen, 2023

Our Friends donate a minimum of \$5,000 per year for at least 3 years.

These gifts provide the core operating support GCHA needs to become stronger, more effective, and built to last.

We aim to have 100 Friends by the end of 2027.

WHY YOUR FRIENDSHIP MATTERS

Philanthropic grants typically support specific projects, but general support builds lasting impact.

Now more than ever—given the US withdrawal from the World Health Organization and the Paris Climate Agreement—the world needs many trusted voices in the health community to stand up to protect our climate and everyone's health.

By becoming a Friend, you will help us fight for our climate and people's health in countries around the world.

As a Friend of GCHA, you will not only be funding vital work, but also investing in the long-term strength and effectiveness of the climate and health movement worldwide.

Our friends:

- Join a community of global changemakers committed to protecting human health and our climate.
- Receive exclusive briefings on GCHA's strategies, milestones and impact.
- Are recognized as key supporters of a vital social movement serving what matters most—the health of people and our planet.

TOGETHER, WE CAN BUILD WHAT THE WORLD NEEDS MOST

By joining the 100 Friends of GCHA, you help ensure that **the world's most trusted messengers—health professionals—have the resources, voice, and platform to lead the charge for a livable planet.**

Join us today.
Be a Friend.
Be a force for
lasting change.
